

Sports Turf

This mix is perfect for new seeding or renovating high-traffic areas like football, soccer, and baseball fields, as well as playgrounds. Its unique formula was developed to offer durable, high-quality turf that is resistant to diseases common to intensively managed turf areas. It boasts superior wear tolerance, excellent winter hardiness, and impressive spring and fall vigor, with exceptional midsummer performance.

MIX CONTAINS:

50% Elite Kentucky Bluegrasses
50% Elite Perennial Ryegrasses

Seeding Rate:

Seed @ 4-5 lbs per 1,000 sq ft
Overseed @ 2-3 lbs per 1,000 sq ft

Establishment Rate:

Germinates in 7-21 days with proper moisture.
Fully established in one growing season.

Characteristics:

Medium to dark green color
Medium texture
Withstands heat, winter, and heavy traffic.

Light/Soil Requirements:
